QUALIFYING
PROCEDURE 2015-16
(REVISED 12/01/14)

All times/scores achieved at high school meets that meet or exceed the state qualifying times/scores shall be submitted by the coach to the swimming and diving coordinator of Section V. The submissions must be on the official form (or a copy of the official meet result signed by the referee) and received by the coordinator no later than the last Wednesday prior to Sectional Finals. The official form is preferred. Coaches are encouraged to submit forms immediately so that the names of the state qualifiers may be added to the website. Any submissions that can not be verified shall be disallowed. All coaches shall submit to the coordinator the actual state entries for their school at a time determined by the coordinator. The deadline for submission will be determined by each coordinator based on state entry requirements. If no athlete qualifies in an individual event, the fastest submitted time from the Sectional Tournament will be eligible to represent Section V at the State Championship. If no relay qualifies, the fastest submitted time from the Sectional tournament will be chosen to go to the State Championship. It will no longer be necessary to participate in the event at the sectionals in order to participate in that event at the state level. **In order to advance to the State Championship meet, the athlete must compete in Sectionals in an event or events.**
